

# PEACE LOOMS NEAR; WILSON LEAVES APRIL 27

## COMMUNISTS AT BUDAPEST SLAY FORMER LEADER

### Archduke Joseph and Dr. Werkle Been Executed.

## BULLETIN EXECUTE ARCHDUKE

By Associated Press Leased Wire  
London, April 15.—A Copenhagen dispatch to the Exchange Telegraph company, says that the Acht Uhr Blatt and the Abendblatt of Berlin print reports received from travelers to the effect that communists at Budapest have executed Archduke Joseph, Dr. Alexander Werkle, former premier, and Baron Joseph Stepeny, Minister of Commerce. The report, the dispatch says, has not been confirmed.

Archduke Joseph of Austria is a son of Archduke Joseph Charles Louis. During the war he was in command of the southern section of the eastern battle front.

Dr. Alexander Werkle has for the last 15 years been one of the leading figures in Hungarian public life. In 1906 he formed a cabinet which held office until April 21, 1909. After a brief interval Dr. Werkle was again appointed premier, remaining in office until Jan. 27, 1918. After the assassination of Count Tisza, Dr. Werkle was again appointed premier and remained in office until October 10, 1918.

Baron Joseph Stepeny, minister of commerce of Hungary, served in Dr. Werkle's cabinet during the summer of 1918.

## COMMUNIZE WOMEN

By Associated Press Leased Wire  
Berlin, Monday, April 14.—(Delayed)—The communist government in Berlin, apparently realizing that its days were numbered, issued on Saturday a long list of orders more radical than its previous decrees. One order provided for the communization of all women, "including wives." Another order displaced all managers and directors of industrial establishments and gave their places to the workmen.

## BRITISH HONORS TO COMMANDERS OF U. S. FORCES

By Associated Press Leased Wire  
Cologne, Sunday, April 13.—(Delayed)—General Joseph Dickman, commander of the Third U. S. Army, was today made Knight Commander of the order of the Bath by General Sir Herbert Plumer, commander of the British army of occupation, on behalf of King George. Mrs. Dickman is now in Cologne and will visit England. In that country she will be known as Lady Dickman, an honor bestowed on but few American women.

The following general officers of the American army were made Knight commanders of the order of St. Michael and St. George:

Brig. Gen. George Bell, Jr., commanding the 33rd division; Maj. Gen. William Lassar, chief artillery officer of the Third army; Brig. Gen. John L. Hines, commander of the Third army corps and Brig. Gen. Charles H. Muir, commander of the 28th division.

The following were made commanders of the Order of the Bath:

Brig. Gen. Malin Craig, chief of staff of the Third army and Brig. Gen. Harry A. Smith in charge of civil affairs in the American occupied zone.

Col. John A. Montgomery, assistant of staff for General Dickman; Col. D. H. Biddle, liaison officer for the Third army with the British; Col. William P. Wooten chief engineer of the Third army and Horace Stebbins, assistant chief of staff of the Third army corps, were made commanders of the order of St. Michael and St. George.

The distinguished service was conferred upon Col. S. H. Williams, assistant chief of staff of General Dickman. In making presentation of the honors, General Plumer said that the "friendships formed on the battlefield between America and Great Britain cannot be destroyed in the days of peace."

Edward Miller, of Oregon, is reported as getting along well after an operation for appendicitis at the Dixon hospital.

## HIGHER COFFEE.

President of National Roasters' Association See No Chance of Reduction.

By Associated Press Leased Wire  
Cleveland, O., April 15.—The price of coffee is not going to be cheaper for a while, according to a statement by Carl W. Brand of Cleveland, president of the National Coffee Roasters' association, who presided at a sectional meeting here today of coffee roasters from Ohio, Western Pennsylvania, Indiana and Southern Michigan.

Coffee has advanced in price on account of the severe frost in Brazil, Brand said, and he would not be surprised to see good coffee retail at 50 cents a pound, and perhaps higher in the near future.

## LESS THAN HALF CITY'S VOTE WAS POLLED AT 1 P. M.

### At That Hour 1800 Votes Had Been Cast—Day Unfavorable.

## ELECTION RETURNS.

Returns of today's city election will be compiled by The Telegraph as quickly as possible after the polls are closed, but it is doubtful if anything definite can be announced before 6 o'clock. Returns will be shown on bulletin boards at Stratton & Covert's cigar store, telephone No. 291, and at the United Cigar store, telephone No. 111. Readers are asked to call either cigar stores or the The Telegraph after 6 o'clock.

At 1 o'clock this afternoon, despite a most unpleasant day, nearly as many votes had been cast in the city election as were cast all day in the primary on March 11, and at that hour the voters were crowding to the polls in large number than at any previous hour in the day. At 1 o'clock 1800 votes had been cast, against a total vote of 2095 at the primary and a total of 4191 in the city election four years ago.

At 1 o'clock total vote cast in the various precincts, compared with the total vote of four years ago, was:

	Today	1915
Men	150	261
Women	181	251
Total	331	512

## Forty Absent Voters.

Forty absent voters made application to City Clerk Crover for ballots to vote at today's election, the applications being granted and the voted ballots being placed in the ballot boxes by the clerk.

## Primary Vote.

At the primary, March 11, the total vote cast in the precincts was:

	Men	Women	Total
1st	150	261	411
2nd	181	251	432
3rd	128	212	340
4th	150	206	356
5th	339	297	636
Total	958	1137	2095

## CASUALTIES TOTAL 274,860 TO DATE

By Associated Press Leased Wire  
Washington, D. C., April 15.—(Delayed)—Army casualty records, made public today show 274,860 major, an increase of 1,755 over the total announced a week ago. One of the striking features of the record is a reduction of 337 in the total number of missing, brought about largely by the identification of dead and the return of prisoners.

## The table follows:

Killed in action (including 381 at sea) 32,384.  
Died of wounds received in action, 12,435.  
Died of disease, 22,656.  
Died from accident and other causes, 4,248.  
Wounded in action (over 85 per cent returned) 197,574.  
Missing in action (not including prisoners released and returned) 4,563.  
Total 274,860.

## GRAND JURY FOUND SOME INDICTMENTS

The grand jury today completed their investigations preliminary to the April term of the circuit court and left for their homes this afternoon. Several indictments were returned, a partial list of which is given as follows:

Wardlaw Wallace, larceny.  
Frank Krebs, larceny.  
Carl Miller, larceny.  
William Elgin, larceny.  
Stewart Conley, Krebs, Miller and Elgin were indicted on disorderly conduct charges. They formed the party that was arrested for the stealing of three ducks from the August Schick farm several days ago. Wallace was held for the theft of a number of hides early this spring. One other indictment was returned but the defendant had not been taken into custody by the sheriff at the time of going to press.

## FORMER STUDENTS OF DIXON COLLEGE WILL HOLD PICNIC AUG. 15

### Arrangements Made for Big Gathering at Assembly Park.

## EXPECT 1,000 OR MORE

On Saturday forenoon word was received from Attorney Jacob Dittus of Chicago, president of the Dixon College Students' association that he and Mr. A. E. Olson and Mr. Elzy A. Garard, both former presidents of the association, would arrive in Dixon Saturday night and desired to meet as many of the former students and teachers of the old college as could, under the short notice given, be called together.

The matter of providing entertainment for these gentlemen and arranging a meeting was taken up by several of the old students here and as a result a very good meeting was held on Sunday at the Sheffield Hotel in Grand Tower where dinner was served to about forty. After dinner, the weather being warm and pleasant, they repaired to the banks of Rock river where the meeting was called to order by Mark C. Keller, vice president of the association, acting as chairman. Mr. Dittus was then introduced and requested to

## RUSS SITUATION IS SATISFACTORY RICHARDSON SAYS

### Commander of Yankee Forces Makes His Initial Report.

By Associated Press Leased Wire  
London, April 15.—A retreat of ten miles in the Murmansk region is admitted by the Russian soviet government in a wireless message received here today. The message says:

"In the direction of Murmansk our troops have retreated ten miles to south of Uros Station and Uras Lake."

By Associated Press Leased Wire  
Washington, April 15.—(Delayed)—Wilds P. Richardson the new commander of the American forces in North Russia, has reported the military situation satisfactory in his first official dispatch since landing in the Murmansk coast.

The message sent to General Pershing and relayed by him today to the war department, was dated April 13, or about two weeks after the mutinous conduct of company 1, 329th infantry, which refused to go to the front from Archangel.

It is assumed here that a satisfactory military situation means that proper discipline prevails among the American troops generally.

General Richardson reported the occupation on April 11 of Uros Ozero by a force of Russian supported by the allies. As a result of this action 46 of the enemy were killed, nine wounded and 26 taken prisoner, two field guns, one machine gun and 7000 shells being captured. The allied casualties comprised one Canadian sergeant killed and one French sergeant wounded.

"An leaving with headquarters staff and replacement officers, April 14 for Archangel," the general's message said, "expect to arrive in about six days."

## Edward Tuck French, Rail Official, Dies

Chicago, April 15.—Edward Tuck French of Newport, R. I., died suddenly yesterday of uraemic poisoning at his apartments on the North Side. He had been in ill health for sometime. Mr. French came here early in December last to take a position with the Chicago, Burlington & Quincy railroad, in which his father holds a large interest. He was accompanied by Mrs. French. The body will be sent to Newport for interment.

## SUPERVISORS WILL MEET NEXT TUESDAY

A special meeting of the Lee County Board of Supervisors for the purpose of electing a chairman has been called by County Clerk Fred Dimick for next Tuesday, April 22, at 2 o'clock p. m. The call being made at the request of a number of the members. Thus far John W. Banks of Brooklyn and Chas. Ewald of Reynolds are the only avowed candidates for the chairmanship.

## Baker and His Party Reach Paris Today

By Associated Press Leased Wire  
Paris, April 15.—Newton D. Baker, American secretary of war, and Hugh Wallace the new American ambassador to France, arrived in Paris this morning from Brest. The other members of the party, who sailed from America with the secretary and the ambassador, reached here with them.

## FINAL CONGRESS OPENS APRIL 25 AT VERSAILLES

### Adriatic Question is Considered Today By Big Four.

(By the Associated Press)

Prospects of peace have suddenly become brighter as the result of agreements reached by the council of four at Paris announcements of which seem to indicate that within a short time the war-worn world will begin to return to something like normal international conditions.

On April 25, which will be 165 days after the last gun of the great war was fired, allied and German delegates will gather at Versailles, the historic place where treaties which have remodeled empires and signalled the rise of new nations have been framed.

Italian Claims Next  
A statement given out by President Wilson at Paris last night indicated that the treaty with Germany would be completed in a very short time and that

## RANDALL PARRISH TO DELIVER ADDRESS IN DIXON TOMORROW EVE

### Famous Keweenaw Novelist Added to List of Speakers.

## IS WELL KNOWN HERE

Randall Parrish of Keweenaw, author of "When Wilderness Was King," and many other successful novels, a man who is well known in Dixon and who a few years ago delivered a remarkable memorial address at the annual services of Dixon lodge B. P. O. E., will be one of the speakers at the mass meeting to be held in front of the Nachusa Tavern tomorrow evening, following the parade of the whippet tank and the military band through the streets.

Word was received today that Mr. Parrish and Judge Fenton W. Booth would join the war trophies train party here, and the announcement brought happiness to Col. W. B. Brinton, Edward Valle and A. P. Arrington, who are in charge of the arrangements for the big meeting, at which Mr. Brinton will preside.

Mr. Parrish is originator of the well known quotation "Don't be blind; don't be unable to see anything but gold dollars; don't permit your personal views to obscure the far greater importance of a united citizenship," is a beloved citizen of Keweenaw, Ill. Mr. Parrish offered his services to the Speakers Bureau of the Fourth Liberty Loan Campaign and they were eagerly accepted as his fame as a novelist. Mr. Parrish is president of the Keweenaw Civic Club and chairman of the Henry County Council of Defense Committee. He is a lawyer, master of arts, bachelor of law and doctor of literature—a graduate of the University of Iowa. He was born in Keweenaw in 1858 and is living there at the present time.

Judge Fenton Booth, Fenton W. Booth, native of Marshall, Clark county, Illinois, was educated in DePaul university and graduated from the University of Michigan. For many years he was a member of the law firm of Golden, Schofield & Booth, one of the leading law firms of south central Illinois; a member of the Fortieth General Assembly, and since 1905 he has been an Associate Judge of the U. S. Court of Claims, sitting at Washington.

## May Have to Call Off Nelson Meeting

The Victory Loan meeting which was booked to have been held at Lee Center last evening was postponed on account of the condition of the weather and the roads. A similar meeting which was to have been held at the school in Nelson will very likely be postponed this evening.

Tomorrow evening at the opera house in West Brooklyn, Hon. John Byers will be the principal speaker. On Thursday evening two meetings will be held, one at the St. James church in South Dixon township with Hon. John Byers and Attorney Henry S. Dixon as the speakers. Another meeting is planned to be held in Watton Thursday evening with Rev. A. B. Whitcomb and Attorneys John E. Erwin and Martin J. Gannon as speakers.

## RAIL CONTRACT SIGNED.

By Associated Press Leased Wire  
Washington, D. C., April 15.—Among the contracts just signed by Director General Hines covering annual government compensation to railroads are the following:

## HUN AIRPLANE, PRIZE OF YANKEE AVIATORS, WILL BE SHOWN HERE

### Will Be One Feature of War Trophies Exhibit Tomorrow Eve.

## PARADE AT 8 O'CLOCK

Lieut. V. S. Evans, U. S. A. arrived in Dixon last evening and spent a few hours at the Elks club where he met a committee of local business men and consulted with them concerning the reception of the government war trophy train which will come to Dixon tomorrow. He left this morning for Rochelle and other points, traveling in advance of the train and arranging for the entertainment of the men accompanying the exhibit.

The people of Dixon and Lee county will miss one of the rarest treats that has ever been afforded this vicinity, if they fail to come to Dixon tomorrow evening and visit the government war relic exhibit. No conception of the things of interest which are aboard the train can be explained in a short space and therefore to obtain a knowledge of practically every death dealing device and killing instrument of warfare used by the Germans and the allies, a visit must be made to the train. Every resident of the surrounding community is invited and the various things will be explained by men who saw all of them in action and know whereof they speak.

The "Whippet" Tank.  
The feature of the train will be a whippet tank of the Renault type which helped to drive the Germans back in confusion. It weighs 12,000 pounds, and has a plate armour five-eighths of an inch in thickness. It is propelled by a Buda 62 horsepower motor and

## 6,000 TELEPHONE WORKERS STRIKE; U. S. TAKES HAND

### Burleson Orders All of New England Help Ousted.

By Associated Press Leased Wire  
Boston, April 15.—A strike of more than 6000 young women operators, in the employ of the New England Telephone and Telegraph company and the Providence Telephone company for wage increases, tied up the telephone service in the greater part of New England except in Connecticut today. Only chief operators remained at work, the supervisors going out with the operators.

630,000 Subscribers  
There are approximately 630,000 telephone subscribers in the four states served by the New England company, according to officials. Five hundred thousand of these are in Massachusetts; Maine has 60,000, New Hampshire, 40,000 and Vermont 30,000.

## U. S. TO OUST THEM

By Associated Press Leased Wire  
Washington, April 15.—Holding the New England telephone strike without justification, the postoffice department today instructed the manager of the company at Boston to replace the strikers or take any other steps necessary to maintain service unimpaired.

Officials said the department had expressed willingness to bargain collectively with the employees, its position on that question being "entirely harmonious" with the principles laid down by the war labor board. The employees, it was said, were asked to present a schedule of the wage increases desired, but refused to do so and department had nothing on which to act.

## 1200 Soldiers Give Parade in Chicago

By Associated Press Leased Wire  
Chicago, April 15.—Twelve hundred soldiers of the 72nd and 74th coast artillery units, paraded here today. Two thirds of them were Chicagoans and the balance selected service men from Illinois, Michigan and Indiana. They went to France late in August but the armistice prevented them from seeing action with the big guns. Col. Sidney H. Guthrie commanded the men today and they were reviewed by Maj. Gen. Leonard Wood. They are to demobilize at Camp Grant.

## THE WEATHER

## COUNCIL TO MEET TO CANVASS VOTES

At the regular weekly meeting of the city council held this morning, Commissioner George W. Smith of the department of finances, filed his report winding up the business of the fiscal year, and making ready for the new regime. The regular semi-monthly bills amounting to \$740.86 were allowed and the council then adjourned until tomorrow morning at 10 o'clock at which time they will convene to canvass the results of the election.

Following the canvass of votes, Mayor Henry Schmidt will deliver his final address, closing an administration in consecutive service of the city of Dixon, extending over a period of 15 years service. In this time he has served as alderman, commissioner and now retires from the office of mayor.

## Lumber Will Go Up Fast in Five Years

By Associated Press Leased Wire  
Chicago, April 15.—Charles S. Keith, of Kansas City, president of the Southern Pine association, and widely known as a statistical authority on lumber, told the executive committee, investigating the high prices of building materials today said that the present price of lumber is lower than it will be at any time in five years. He said the increased cost of production, depletion of raw material in this country, and the enormous increased demand from Europe are certain to mean higher prices for lumber for at least five years.

## GIVE ELKS LODGE HISTORY OF WAR

The retiring members of the house committee of the local lodge of Elks of which B. F. Snyder is the chairman, have presented the lodge with a history of the world war. The book was placed on the tables in the reading room this morning and on an inside leaf appear the signatures of the members who served their last social session last evening.

## VICTORY LOAN MEET AT ST. JAMES CHURCH

John H. Byers and Sgt. George Dyart will be the speakers at a Victory Loan meeting to be held at St. James church in South Dixon Thursday evening, which everyone residing in that vicinity is asked to attend.

## COL. HOUSE WILL ACT FOR HIM IN PEACE CODGRESS

### Treaty Nearly Finished—Eastern Frontier France Fixed.

By Associated Press Leased Wire

Paris, April 15.—(Delayed)—The peace treaty will be divided into two parts, according to the latest information in the French press. The first part will concern Germany and will include a clause by which she will pledge herself to comply with all agreements to be concluded with her former allies. The second part will not concern Germany directly and will be signed only by the Austrian, Bulgarian and Turkish delegates.

By Associated Press Leased Wire  
Havas, April 15.—(Delayed)—President Wilson intends to call for the United States April 27 or 28 after being present at the opening meeting of the peace congress at Versailles. The Echo de Paris says today. After his departure Col. E. M. House will act for him, the newspaper adds.

## ADRIATIC QUESTION UP

By Associated Press Leased Wire  
Paris, April 15.—The council of four of the peace conference went into session again this morning with the question of the Adriatic again before it for consideration.

Arthur J. Balfour, British secretary for foreign affairs, took the place at the council session for Premier Lloyd George, who went to London yesterday.

The supreme economic council is considering the question of permitting Germany to have certain raw materials before the peace treaty becomes effective, with a revision of the blockade regulations to that extent and it is understood the prospects are good for favorable action.

The economic council members are also considering a plan for the conservation of Italy's coal supply.

Belgium has been asked to name a delegate to sit on the economic commission.

## D. A. R. ASKS LAW TO CURB MISUSE AMERICAN FLAG

By Associated Press Leased Wire  
Washington, April 15.—Enactment of a federal law to prevent general misuse of the American flag was adopted in a report today to the 28th congress of the Daughters of the American Revolution in session at Continental Hall here.

Mrs. James P. Hume, state regent of Wisconsin, chairman of the flag committee, reported that the evil had increased very greatly since the armistice.

The most frequent misuse of the flag, Mrs. Hume declared, was by theaters, magazines, and in cartoons and posters. In the latter days of the war and particularly since the armistice and with the returning home of troops, the public, she said, had used the flag for costumes and decorations in such a way as to arouse the sentiment of the patriotic organizations.

## BROKEN NECK WILL MEND; YANK HAPPY

By Associated Press Leased Wire  
Chicago, April 15.—Assurance that his broken neck will mend, and presentation of a croix de guerre, today gladdened Corporal Frank Plank of Oconto Falls, Wis., who served with the 127th infantry of the Prairie division and who is a patient at the general hospital at Fort Sheridan. Plank's medals came for unusually accurate work with a trench mortar battery which checked a German raid on French trenches on May 8, 1918. His neck was broken when a truck overturned in a shell hole. He was was put in a plaster cast, shipped from one hospital to another in France and finally across seas to America.

## 275,000 TROOPS WILL RETURN TO U. S. THIS MONTH

By Associated Press Leased Wire  
Paris, April 15.—American troops to the number of 275,000 are returning to the United States from Europe, during the present month, Newton D. Baker, secretary of war, said today on his arrival in Paris from Brest. In May he added, the number will fall to 250,000 because of lack of transports but in June the number probably will rise to 300,000 which will be maintained as the monthly rate until all of the 1,400,000 still here are returned.

The secretary said that if any agreement should be reached by which American troops would participate in the defense of the Rhine indefinitely the only soldiers used would be those who volunteered for such service. Mr. Baker said he was in France to participate in the work of the American Liquidation committee. He expects to go to Coblenz and the former fighting front with General Pershing and to return to the United States within ten days.

Miss Joy Stitzel has returned from 8 week's visit in Chicago.

## BIG POWERS TO GET 85 PERCENT OF SUM GERMANY WILL PAY

Little Nations Will Be  
Dissatisfied with Their  
Share, Belief.

### REPARATIONS STILL UNSETTLED.

By Associated Press Leased Wire  
Paris, April 15.—The problem of reparations settlements still has a troublesome time before it in connection with the question of the distribution of the indemnity to be paid by Germany. Smaller powers, which suffered under German invasion and devastation, are still to be heard relative to their share of the reparation fund, particularly Belgium, the claims of which are entitled to first consideration under various pre-conference pledges.

Big Powers Get Most.  
The tentative scheme of distribution which Great Britain and France have advanced apportions between 80 and 90 per cent, probably 85 of the total sum realized, to these big powers leaving perhaps 15 per cent to satisfy the demands of Belgium, Italy, Serbia, Roumania, Russia and others. This is a smaller proportion than the secondary powers expected and they are almost sure to be dissatisfied with it. It has been suggested among the experts on the reparations commission that Roumania, Serbia and other nations have received reparations through the acquisition of territory but this reasoning will scarcely appeal to Belgium.

Russia Also Included.  
A share of the reparations fund will, according to the present understanding, be assigned to Russia for damage to invaded Russian territory but probably will be turned over to Great Britain and France to apply on advance made to the old Russian government during the war.

Although the contributions payable by Germany are characterized as reparations a very considerable part of the first \$5,000,000,000 will not be available for reparation purposes, since it has been assigned to the payment of the expenses of the armies of occupation and such food supplies as must be furnished Germany. Since the occupation of the left bank of the Rhine will continue during the entire two years covered by this first payment, the expenses particularly of the French occupation army, will eat deeply into the \$5,000,000,000.

### Damages Not Defined.

No announcement has as yet been made regarding the precise definitions of the various categories of reparations. In other words there is no definition of the classes of damage for which Germany is required to pay. It can be stated, however, that the five categories adopted comprise reparation for actual damage to life and property; pensions for crippled and families of slain soldiers; compensation for enforced labor exacted of inhabitants of occupied regions, including work done by deported Belgians; remuneration for illegally exacted labor by prisoners of war and payments for German requisitions in occupied territories. It is understood that no offset has been allowed Germany for the maintenance of prisoners of war in Germany during the war, the associated governments holding that the prisoners were chiefly supported at their own expense through food parcels by which alone the prisoners were able to maintain existence during captivity and that the surplus has been covered by work the prisoners performed for Germany.

### Some Points Unsettled.

Although members of the commission regard the reparations question as settled in the main, there are various details to be worked out, including a scheme for German contributions of labor, raw materials and manufactured articles for the restoration of devastated districts. Discussions at meetings of the commission have been marked by a shifting tendency from the principle initially advocated by the French, of leaving the exact sums to be paid indefinite for future determination by an inter allied commission to a definite fixation of all initial contributions. The change of attitude on the part of the French was undoubtedly inspired by pressure from parliament which demanded definite knowledge of what was to be received from Germany.

Another financial question requiring settlement between the allies is that of repayment of advances made by Great Britain and America to the associated powers. A sub-commission was appointed to consider this question but the British and American representatives have thus far not completed their deliberations. This has been apparently in anticipation of discussions which might deal more with the negative

### GOOSE GREASE YOUR COLD

No better external remedy for colds ever has been discovered since some wise grandma first tried goose grease and turpentine.

But goose grease and turpentine work only from the outside. The trouble is on the inside, and by treating from both directions, quicker results can be obtained. MENTHO-EZE is goose grease and turpentine to which have been added menthol, the great Chinese remedy, also peppermint, wintergreen and other healing oils.

While the goose grease and turpentine, rubbed on the chest, are working from the outside, fumes of the menthol and other essences are being inhaled to the linings of the throat and lungs drawing out the soreness and soothing the raw, inflamed surface.

In this way, MENTHO-EZE gives relief in 20 minutes.

The time to check colds is when they first appear. Keep MENTHO-EZE handy and be ready for them. In opal jars, 30c and 60c.

### Greeks Ask Allies to Halt Massacres

By Associated Press Leased Wire  
Saloniki, Monday, April 14.—(Delayed.)—The league of Greek refugees has sent a telegram to President Wilson and the allied premiers at Paris, asking that the allies powers intervene in Asia Minor in behalf of the inhabitants of Northern Cappadocia where thousands are dying from starvation, according to reports reaching this city. During the past five centuries more than a million residents of this region, which is the ancient kingdom of Pontus, have been massacred by the Turks, the telegram says, and since the war began 200,000 people have been slain there by the Turks.

The territory is largely inhabited by Greeks.

### MILK CO. CHECKS.

An item in the Evening Telegraph of April 14 contained a statement of Mr. Leake wherein he says the checks for milk delivered by local dairymen will be late. This is incorrect. These checks are dated on the 15th as usual and those to be mailed were mailed as usual on the 14th, including checks to the marketing company which reached them in Chicago this morning on the date due.

The checks for all dairymen who get checks direct from the factory were delivered to them today as usual.

Readers of The Telegraph regaled daily in their homes or offices through these columns with exact, impartial and interesting accounts of happenings here, there and everywhere, possibly of ten wonder at the means by which these results are obtained and how a paper in the local field obtains a report of the daily doings of the world as comprehensive as that available to the greatest papers in the largest cities on the continent.

The answer is contained in the caption, "By The Associated Press." These few words, to the initiated, mean that in addition to the high class reporter-staff known to the city, The Telegraph has another staff composed of the keenest and best newspaper men in the world; a staff that instead of being confined to one city, is world wide in its territory; that can and does report on the spot the action of a city council a hundred miles from here and the deliberations of a peace commission sitting half a world away; that is on duty twenty-four hours in the day on the Mexican border and the Arctic circle; that is as much at home in the

tropical jungles or a front line trench as our city hall man is in the ante-room of the mayor's office.

"By The Associated Press," seen in these columns, reflects the co-ordination of more than eleven hundred newspapers of the United States in a mutual association by which each individual paper becomes the servant of all, and all the servants of each.

The great metropolitan publications with their enormous staffs and facilities, are at the service of the small town daily. The small daily is also bound in honor in the service of the greater publications. Each places at the disposal of the other, through the medium of The Associated Press, the important happenings of its locality.

In addition, through its membership in The Associated Press, each member paper has also the service of numerous correspondents in other lands, some of them employees of news agencies with which The Associated Press has working affiliations, and others, staff men of The Associated Press itself.

As a member of this great co-operative organization and under the caption

"By The Associated Press," The Telegraph is able to place before its readers each day the cream of the world news, with absolute assurance that fact and not fancy, truth and not falsehood, is being printed.

### ST. LOUIS GAMBLING KING IS MURDERED

By Associated Press Leased Wire  
St. Louis, April 15.—Henry "Kid" Becker, known as the "king of St. Louis gamblers," who was shot by highwaymen last night, died at a hospital early today as a result of the wound.

Becker was 36 years of age and from boyhood followed the races. It is said he had won and lost fortunes. He recently paid a fine of \$5,000 for operating a gambling house in Madison county, Illinois. At the time it was said Becker entered the courtroom with \$200,000 and was prepared to pay any amount assessed against him. He is said to have left a large estate.

At the business meeting which preceded installation, applications were read from more than 20. Exalted Ruler Miller in his opening address stated that he desired to increase the membership of the Dixon lodge this year and a large class will be initiated into the order at the next meeting to be held in two weeks. Following the business session, the retiring house committee provided a very pleasant social session.

**GERMANS MAKE PART  
PAYMENT FOR FOODS**

*By Associated Press Leased Wire*

Coblenz, April 15.—Seven million marks were deposited on Saturday, at headquarters for the Third army by the Germans, to pay for food supplies for civilians in the area occupied by United States forces. During last week nine million marks were deposited for this purpose by the Germans.

The first food train started from France this morning, its cars being loaded from army American depots. The supplies bought by the Germans include 300 tons of bacon, 300 tons of rice, 1300 tons of flour, 100 tons of corned beef and 22 tons of evaporated milk. The first shipments have been sent to Treves, Coblenz, Neuwied and distributed out to the district by uniform prices fixed by the German government.

**Short Term Notes to  
Be in Great Demand**

*By Associated Press Leased Wire*

Washington, April 15.—Advantages for private investment of the short term notes to be issued in the Victory Liberty loan are believed by the Federal Reserve Board to be greater than those of any preceding Liberty Loan issue. In its forthcoming bulletin for April, an abstract of which was made public today, the board expresses the opinion that the short term notes will have a greater market stability because of their short maturity and also because they will not be encumbered by uncertainty as to redemption after a specified period, as is the case with long term notes.

## TO HEAR MURDER CASE

JUDGE O. E. HEARD.

Arrangements announced here and in Mt. Carroll last week were to the effect that Judge O. E. Heard, of Freeport, would hold court in Mt. Carroll this week and that Judge Baume, of Galena, would convene the Lee county Circuit court. But these arrangements were changed and Judge Heard came to this city. He will be on the bench during the trial of Johnson and Lucas for the alleged murder of George Bush at Nelson on December 6th, the date for which trial has been set as April 28th.

## Fliers Prepare to Start Long Flight

*By Associated Press Leased Wire*

St. Johns, N. F., April 15.—Weather conditions had improved sufficiently today to lead associates of Harry Hawker, Australian pilot of the Sopwith biplane team, to express the opinion that Hawker and Commander Grieve, his navigator, might start their attempted trans-Atlantic flight late this afternoon.

Hawker plans to "take-off" from the soft ground at Mount Pearl plateau if there is no other obstacle to the start.

On the other side of the city at Quidi-vidi the mechanics of Frederick P. Raynham, pilot of the Martinsyde machine another contestant for the overseas flight, were preparing for a trial flight.

**ADMIRAL MAYO MAKES  
REPORT ON WAR WORK**

*By Associated Press Leased Wire*

Washington, D. C., April 15.—Admiral Henry T. Mayo, commander-in-chief of the Atlantic fleet, which arrived yesterday in New York, will come to Washington tomorrow to discuss with naval department officials, the arrangements and location of warship in the Atlantic ocean for the overseas flight of naval seaplanes next month.

## FINAL CONGRESS OPENS APRIL 25 AT VERSAILLES

(Continued from Page 1.)

In the meanwhile the problems involved in the settlement of the conflicting claims of Italy and Jugoslavia to territory on the eastern shore of the Adriatic would be given preferential consideration.

It is probable that the allies of Germany will be called to Versailles almost immediately after the German delegates have received the allied terms and have passed upon them.

**Indemnity Terms**

Germany, by the terms of the treaty, will be called upon to pay 100 billion gold marks, which at the pre-war rate of exchange would be equivalent to \$23,820,000,000. Of this immense sum there must be paid within two years an amount equal to \$4,764,000,000 and during the next 30 years twice that sum must be turned over to the allies. A commission will determine when and how the remaining \$9,538,000,000 of the reparation fund must be paid.

**Frontier Agreement**

There seems to be an agreement on the vexing problem of the Franco-German frontier. It is said that the Germans will be compelled to withdraw all troops from a zone 25 miles wide on the right bank of the Rhine, while the allies will hold the left bank of that river until the first installment of the indemnity is paid.

While the work of fixing the amount of money to be paid by Germany to the allied and associated powers has been completed, there remains a further task of apportioning the indemnity funds the allied nations. It is indicated that France and Great Britain will receive a major portion, it being estimated that 55 per cent of the total will go to them. Out of the remainder the smaller powers will be given their share and that there will be some dissatisfaction on their parts is expected.

**More Hungarian Trouble**

In Hungary where a soviet republic has been in power for several weeks, having been established virtually without bloodshed, the execution of Archduke Joseph of Austria, Dr. Alexander Wekerle, former premier, and Baron Jos. Sztepranyi, minister of commerce is reported. Confirmation is as yet lacking.

Riotous disorders continue in Germany. In Bavaria there are indications that the government led by Premier Hoffman, successor to Kurt Eisner, is gaining ground and that the soviet regime, which threatened to take over complete control, may be ousted. In Berlin there have been riots and troops have fired on street vendors who are alleged to have been dealing in stolen goods.

In the industrial region of Westphalia the strike continues, but no further fighting has been reported.

**Disorders in India**

A rather disquieting situation has arisen in India where there have been disorders of a serious character. Lahore and Amritsar, in the northwestern corner of the peninsula, have been the scene of riots, while at Ahmedabad, further south, mobs have burned government buildings. The situation in Egypt is reported to be in control of the military forces commanded by General Allenby.

## FORMER STUDENTS OF DIXON COLLEGE WILL HOLD PICNIC AUG. 15

(Continued from page 1.)

state the purpose and object of calling the meeting and the mission of the Chicago gentlemen in Dixon.

**For Big Picnic Here.**

In the course of his remarks, Mr. Dittus called attention to the suggestion made by Prof. Strong two years ago at the banquet held in Chicago and also by Attorney M. J. Gannon at the last banquet concerning the proposition of holding a reunion or picnic in Dixon sometime during the coming summer, preferably the week following the close of the Rock River Assembly Chautauqua, provided the Assembly grounds could be procured for the occasion, and stated that he believed that if such a reunion or picnic were held in Dixon that we ought easily to secure the attendance of one thousand, or more, of the former students and teachers of the institution. He further stated that if the plans for such a gathering were perfected, the officers of the association residing in Chicago would assume the responsibility of seeing that all of the students and teachers located in Chicago are reached and urged to attend, and that they would be glad at any and all times to contribute in every way possible to make the affair a success.

**August 15 and 16.**

Following the remarks of Mr. Dittus the matter of holding a reunion and picnic was taken up and discussed thoroughly by everyone present, with the result that the chairman was empowered to appoint a committee to perfect plans for the holding of a reunion and picnic in Dixon. Pursuant to the action taken at the meeting the chairman has already succeeded in securing the use of the Rock River Assembly grounds, including the use of the large auditorium, for the picnic and reunion on Friday and Saturday, August 15th and 16th, 1919.

The matter of putting the association on a more permanent and enduring basis, having been suggested by Dr. E.

S. Murphy, at the last banquet held in Chicago, was also taken up and discussed by many of those present. The matter was deemed of sufficient importance to defer action upon until the reunion in August when there will be a larger representative present.

**Want Information.**

Any person who has ever attended the Dixon College, or has been employed as a teacher in any of its various departments, is by virtue thereof, a

member of this association, and should put forth every effort to make this reunion a success. Therefore, it is necessary that every such student or teacher send his or her name and address to Grover W. Gehant, secretary of the committee, Dixon, Ill., at once that the committee may be advised of this fact in order to have this information for the purpose of getting in touch with every one to make up a record and mailing list.

## 300,000 Persons Who Value a Dollar Drive a Maxwell

ONE reason—and the main one—why persons change from one car to another after a year's use is this: the cost is too much to keep it running.

A Maxwell possesses the prized virtue of staying out of the repair shop and running and running and running. This is why:

Raw materials are purchased in large quantities and for cash. Economy No. 1.

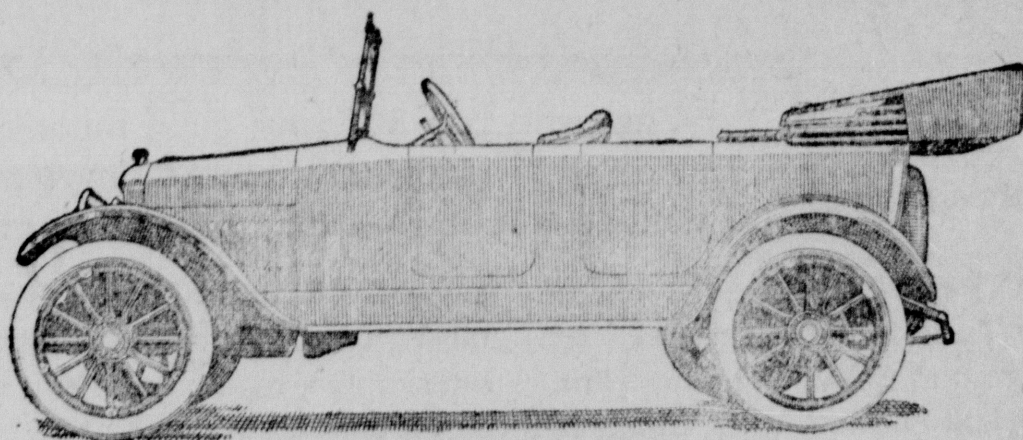

There are no engineering knick-knacks in a Maxwell. Economy No. 2.

The road engineer who spends 12 months a year testing Maxwell cars for weaknesses, and who has driven a motor car further than any living man, finds the "mistakes" before they get into production and are therefore not passed on to you. Economy No. 3.

Maxwell cars are built on the original chassis plan laid down 5 years ago. \$60,000 have been built to date. Doing one thing always results in doing it well. Economy No. 4.

All "temperament" is taken out of the car by the engineering department so that it is well nigh impossible to find a Maxwell with an "uneven disposition." Economy No. 5.

There are 25 others. These fortify you against after-trouble in a Maxwell. That is why you can be doubly sure on a Maxwell if you value highly a thrifty dollar. Most persons do, and 300,000 of them drive Maxwells.

## Monthly Report of the Palmyra Co-Operative Cow-Testing Association

By E. G. THIEM, Tester

During the month of March 486 cows were tested out of which 96 were milking over 6 months, 153 milking less than three months, and the rest milking between three and six months. This shows that the great majority of the cows in the association freshened between September, 1918, and March, 1919, and further shows a tendency on the part of progressive dairymen to have their cows freshen in the fall and winter when conditions are more favorable to carry on a profitable and successful business.

All of the cows together averaged in production 862 pounds of milk, containing 30.60 pounds of butter fat for the month. These averages are very good when we take into consideration that most of the cows on test freshened last fall or early in the winter. The recent decrease in the price of milk is helping to show up some of the boarder cows which are not producing enough milk to pay for their feed. There are between fifteen and twenty cows in this class that showed a minus profit.

The time is at hand when every dairyman should examine his cows carefully to see that they are in good condition to go out on pasture. If the cows are run down in flesh, as many of them are apt to be after milking all winter, they should be full-fed from now until grass time with a fattening ration containing such feeds as ground corn, ground barley, cottonseed meal, and oil meal. If a cow is placed on pasture in good flesh she will produce far more pounds of milk during the spring and summer months than a cow which is in a poor-run-down condition.

George Myers of Sterling had the highest producing cow for the month. This cow, a grade Holstein, produced 2145 pounds of milk containing 68.64 pounds of butterfat with an average test of 3.2 per cent. Her profit over the cost of feed was \$43.95. She was milked three times daily and fed the following ration:

30 pounds silage; 10 pounds clover hay; 10 pounds grain mixture as follows: 200 oats, 200 barley, 100 oil meal, 100 cottonseed meal, 100 gluten feed. In addition to this she received 5 pounds Sucrose dairy feed.

E. M. Detweiler, of Polo, had the highest producing herd. His herd of 16 cows averaged 1243 pounds of milk containing 41.02 pounds of butterfat for the month. George Myers had second highest herd with an average of 1104 pounds of milk and 38.79 pounds of butterfat per cow. Louis Scholl of Polo is producing the most milk of anyone in the association. Thirty cows in his herd averaged 1067 pounds for the month or an average daily production out of all the cows of 1024 pounds of milk.

Individual highest records of production for the month follows:

Owner	Cow	Breed	Milk	Test	Fat
George Myers—Duchess		G.H.	2145	3.2	68.64
E. M. Detweiler—Alice		P.B.H.	1714	3.9	66.85
E. M. Detweiler—Clothilde		P.B.H.	1829	3.5	64.02
Dan Ebersole—Eldorado		P.B.H.	1882	3.4	63.99
Will Woessner—Yellow		G.S.	1234	4.8	59.23
Dan Ebersole—Pearl		G.H.	1531	3.7	56.65
H. E. Downing—Beauty		G.H.	1302	4.2	54.68
H. E. Downing—Grandma		G.H.	1327	4.1	54.41
Clark & Rhode—Peg		P.B.H.	1395	4.0	55.80
Ralph Overholser—Winner		G.H.	1442	3.7	53.35

Highest herd records of production follow:

Owner	Breed	No. Cows	Milk	Test	Fat
E. M. Detweiler	P.B.H.	16	1243	3.3	41.02
George Myers	P.B.H.	10	1172	3.3	38.79
Dan Gilbert	P.B.H.	9	1104	3.2	35.33
Louis Scholl	G.H.	30	1067	3.3	33.69
Eli Detweiler	G.H.	12	986	3.4	33.71
Dan Ebersole	G. & P.B.H.	26	970	3.5	33.58
H. E. Downing	G.H.	17	896	3.9	34.47
G. M. Cassens	G.S.	18	887	4.0	35.08
Fred Overholser	G.H.	19	930	3.7	34.40

There were 65 cows in the association producing over 40 pounds of butterfat for the month and 18 cows producing over 50 pounds.

The most economical feeds for dairy cattle at present prices, for the average dairyman in this community are: Ground oats, ground barley and cottonseed meal, supplemented with a little corn

meal to lend palatability to the ration. Silage and good clover hay is the most economical roughage combination to feed. During the winter months when small increases in the flow of milk bring good returns, a narrow ration high in protein pays well but at the present price of milk a wider but inexpensive ration is the most economical.

## ODDS AND ENDS

ROCKFORD—Dr. W. D. Agnew, former Y. M. C. A. educational director at Camp Grant, has resigned as president of Hedding college, because of ill health and Rev. C. F. Smith has been appointed to succeed him.

OTTAWA—By a vote of 35 to 10 the county supervisors decided to build two roads between Ottawa and LaSalle. One of the roads will be a federal aid road and the other a bond issue road.

FREEDPORT—The federal grand jury reported 21 indictments in a report given to Judge Carpenter here. Most of the cases are for liquor violations at Camp Grant.

ROCK ISLAND—Captain B. S. Bell, former probate judge of Rock Island county, who resigned to enter army service, and is now at Breckbridge, Texas, has written friends that he will be a candidate for state's attorney at the special election in July.

ROCKFORD—Two hundred delegates are expected to attend the state convention of the Woodmen of the World here April 17 and 18. W. A. Frazier, sovereign commander, will be present.

GALENA—Rev. L. W. Warren, pastor of the First Presbyterian church of this city, has resigned because of ill health.

WHITE HALL—Seven hard maple trees, forming a semi-circle around the massive soldiers' monument, stand as a memorial to seven White Hall boys who fell in the world war. A tablet will also be erected for each man.

ARLINGTON—The postoffice at this place was blown open by robbers who secured a small amount of money and some stamps and escaped on a railroad velocipede.

FREEDPORT—R. J. Holmes, former secretary of the local chamber of commerce has been elected as director of the Illinois Commercial Secretaries' association at Danville.

SAVANNA—Twenty years ago Robert Lee, a hired man on the farm of C. J. Wurster lost a match box containing two \$10 bills. While harrowing the field a few days ago Mr. Wurster uncovered the match box and upon opening it he found the bills in a good state of preservation.

ROCKFORD—Rev. John Gordon, the pastor of the Second Congregational church of this city had declined an offer to become pastor of Congregational church of San Francisco, a \$10,000 pastorate.

AURORA—The day nursery, which has been discussed by the Aurora Woman's council of National Defense, will become a reality soon. A building, centrally located, has been leased and it is planned to open it May 1.

MOLENE—Moline women are sponsoring the organization of a community council which will give advice and help on all matters of a civic welfare nature. All welfare organizations will be merged into the community council.

ROCK ISLAND—The Y. W. C. A. will put on a drive for \$10,000 to carry on the work of the association during the coming year. Although only a few old the association already has its own home.

ROCKFORD—C. P. Briggs, principal of Rockford high school has been advised by the war department that a junior reserve officers training camp may be organized in the local school. Over 100 boys have already made known their intention to join.

Let the money accompany your classified ads. The accounts are too small to make a charge account of.

## FRANKLIN GROVE AFFAIRS

(By J. C. COOK.)

### WILL REMAIN ANOTHER YEAR

The Rev. W. H. Manshardt has been retained for another year, with a substantial increase in salary, as pastor of the Presbyterian church in Franklin Grove and Ashton. The official request or invitation was made at a recent meeting of the Presbytery held at the local church here. The sentiment of the church and community here is unanimous in approval of Rev. Manshardt's pastorate and of his remaining here. The year just closing in which Rev. Manshardt has served the church, marks a period of prosperity and spiritual benefit to the church and the society may be congratulated in having secured the present pastor for another year.

### A PROFITABLE MEETING

The Foreign Missionary and Aid society of the M. E. church recently held an interesting meeting at the home of Mrs. H. N. Bratton. A program had been arranged of unusual interest, which included a reading by Mrs. Clara Lahman, giving a brief history of the W. F. M. S., a beautiful piano duet by Misses Elizabeth Durkes and Melba Phillips; a reading by Mrs. S. A. Durkes, having for its subject, West China. Misses Winifred Hausen and Dorothy Swickard rendered a piano duet. The meeting was well attended, over 35 members being present and a thanks offering amounted to over \$30. The meeting was one of the most interesting of any in the history of the society.

### APRIL BIRTHDAY PARTY

At the home of Mrs. Harry Dysart, Friday afternoon, April 11, a party of friends were nicely entertained in honor of Mrs. Dysart's birthday and others present, who were born in April, also Mrs. Dysart's mother, Mrs. Burch. No one was eligible to the April membership unless they were born in that month.

There were present: Mrs. Fred Hausen, Mrs. Jennie Reigle, Mrs. J. H. Lincoln, Mrs. Elmer Miller, Mrs. Carrie Crawford, Mrs. Will Gonnerman, Mrs. August Reinhart, Mrs. O. D. Hussey, Mrs. Ed Lott, Mrs. A. J. Stewart, Mrs. John Lohmeyer, Mrs. Milt Crawford, Lizzie and Esther Runyon.

A 12 o'clock dinner was served and all had a delightful time.

### AN ANNUAL AFFAIR

The years, as they pass in their cycle, also many re-occurring events. There are many things which return each year more often that we would willingly dispense with, for instance the grip.

spring fever, interest, insurance dues, taxes, etc. But how could we get along without the regular village election? Without this what would become of the "bloated office holders," the honorable town officials? And, who would look after the interests of the "dear people"? The village election here is being held today. A mayor and three trustees are to be elected. M. V. Peterman, W. V. Phillips and Charles Howard are the hold-overs for another year. The terms of Mayor F. M. Banker, Trustees, A. M. Carpenter and A. J. Stewart expire this spring. The following ticket is submitted to the voters:

Village president, F. M. Banker. Village trustees, A. J. Stewart, Wm. Maronde, L. S. Emmert.

Dr. Banker has been trying to be relieved of his office for some time but when the mayor's office is to be filled the doctor's friends insist that he accept it "just another term," and the town needs a good mayor, so how can he escape the responsibility?

### RECENT CHANGES

The rock crushing machinery and outfit have finished operations here and have been removed elsewhere. After the stone hotel had been crushed to pieces and the old hostelry scattered over a portion of Bradford township; the stone from the foundation of the old Brown residence, which was destroyed by fire some years ago, was run through the machine. The removal of all that was left of these landmarks is in accord with the never ceasing changes brought about by the passing years. On the site of the old Tom Brown home there has been erected a beautiful modern residence, the home of Mr. and Mrs. Fred Hausen. From the spacious sunlit parlors and broad porches of this palatial dwelling there is afforded a magnificent view, overlooking the town and entire surrounding country; a country rich with fertile fields, teeming with the uncrowned wealth of returning harvests, of happy homes where dwell a prosperous and contented people.

### PERSONALS

The next meeting of the Methodist Aid society will be held at the home of Mrs. E. J. Blocher, Thursday, April 17. The last letter received from Russell Kreitzer, dated March 19 at the Evacuation hospital, Nantes, France, stated that he was still in the hospital, that he was unable at that time to be out of bed. Russell has a pretty hard time of it and it is hoped that he will soon be fully recovered and homeward bound. Arthur

Kreitzer is at Neunagon, Germany, is well and had just returned from a trip into Switzerland made during a furlough.

Jesse Marvin made a trip to Camp Grant, Wednesday, to visit with Jesse Johnson, who is now at the base hospital recovering from the wound in his foot. Marvin reports that Jesse is feeling in good spirits and says he is having it quite easy now compared to many experiences he has gone through. He was delighted to see some one from the old home town.

John Norris, now of Poplar Bluffs, Mo., arrived in town Thursday. John is looking well and says he is well satisfied with his position as truck driver in Missouri. After a good visit with his mother and friends here he will return to the southland.

Mrs. George Withey met with an accident last Tuesday by stepping on a nail which entered the foot for considerable length. The foot became very much swollen and was painful, but the careful and constant attention of her daughter, Mrs. Grace Orner, she is now on the road to recovery.

Jeff Giddings of Cedar Rapids, Ia., arrived in town a few days ago and is visiting with friends.

Sunny Hilbish is a late victim of the measles.

Kay Sunday and family after a good

visit at the home of A. J. Sunday have returned to Kenosha, Wis.

A new piano has just been placed in the home of William Herwig.

Miss Mary Naylor is assisting with some of the household duties in Prof. Hilbish's home.

Miss Anna McKay returned to Winnetka Wednesday.

Mrs. Nita (Sunday) Thomas who is staying at the home of her parents, Mr. and Mrs. A. J. Sunday has just received a letter from her husband in Siberia which was written over two months ago. Mr. Thomas has been wounded and had to be transported over 300 miles to a hospital. During the long trip the wound became infected but it is thought that he would recover under medical treatment.

Emery Buck and family of Oak Park are visiting at the home of Mr. Buck's mother, Mrs. Chillian Buck.

# The Function of The Standard Oil Company (Indiana)

THE Standard Oil Company of Indiana is a great service organization whose chief function is to serve the public well by buying crude oil wherever it may be obtained; by refining it into numberless products, useful, helpful, and necessary to the well-being of the world, and by distributing these products widely, so that they shall be instantly available to the consumer wherever he may live.

Refineries and bulk storage, occupying thousands of acres and representing a cash investment of tens of millions of dollars, are required, to keep the flow of products steady.

Distributing centers from which Standard Oil products are delivered to individual customers are maintained at more than four thousand points in eleven states.

Thousands of motor trucks, which deliver the products to our customers, round out the most complete distribution system in the world.

In addition to these necessities, the Standard Oil Company maintains at all times sufficient additional equipment to meet any emergency. This was proved by the efficient work of the Company during the trying days of the great world war.

C. C. Circle—Mrs. George Netzt.

W. W. Lehman, teacher of the Live Wire class of the Brethren Sunday school, was given a very pleasant surprise in honor of his birthday when the members of the class gathered at his home last evening. The assistant teacher, Thomas Huitts, was also present. Music was largely the diversion of the evening, preceding the excellent supper, a scramble affair brought by the class members and served by Miss Kathryn Lehman, Mr. Lehman's daughter. A beautiful silver pencil was the present of the class to Mr. Lehman.

**THE STANDING ARMY.**

The provisions of congress for a  
standing army of 500,000 makes neces-  
sary the enlistment of 175,000 men as  
soon as possible, to add to the nucleus  
of the regulars whose service does not  
automatically end with the present war.  
Glowing inducements of travel, etc.,  
are offered. But this standing army  
must be made attractive in itself.

The question of reward for services  
and conscientious work must be given  
more careful attention. The duties of  
the regular soldier should be raised  
above the position of a policeman with-  
out a beat. The soldier's life must  
somehow be usefully linked up with the  
civil life of the people, even if he is not  
sent on a mission with a gun. Better  
inducements and opportunities for  
study and personal improvement must  
be offered.

But one thing overshadows all else  
at the present time. The discipline of  
the army, courts martial, and the re-  
laxation of officers to men must be brought  
to a basis of sound common sense and  
solid respect. Failing in this, the  
standing army will present inducements  
only to the purely adventurous,  
who are the least desirable element in  
any army of a civilized people.

Lacking a great cause for fighting  
and sacrifice, the country has the task  
of making the army itself a field  
of such large opportunity for development  
of the man of the ranks that a long  
waiting list of able and ambitious men  
will be the feature of future enlistments,  
instead of a coming campaign to per-  
suade men to "take a chance" to join.  
Has the government the men of  
brains and vision to create such an  
army?—Toledo Blade.

and can drive it at a maximum speed of  
20 miles an hour and no obstacle is  
too difficult for it to overcome.

The tank will be seen here in charge  
of Captain Benjamin E. Cogsdon, U. S.  
A. tank corps, who went through some  
of the heaviest fighting in France, pilot-  
ing his tank to victory many times in  
the face of what looked like sure death.  
He wears a medal of honor, won by  
valorous conduct in the battle in and  
around the Argonne Forest.

Few of the 'treat-em-rough' tank  
fighters wear wound stripes explains  
Captain Cogsdon, because of the fact  
that whenever an American tank was  
disabled or captured, it was blown up  
along with its human cargo.

**Wrecked Hun Airplane.**  
There are many attractions in the  
way of war trophies and exhibits of  
war impediments and material of all  
sorts in bewildering profusion—in short  
a collection of nearly all the deadly  
instruments of warfare used by both  
the Germans and the allies, the like  
of which has never before or ever will  
again be shown in this city. To view  
it will be a liberal education of its pec-  
uliar kind and will show in a practical  
way just what countless millions of  
Uncle Sam's money went for to win  
the war and for which the Victory loan  
will help to pay.

Other features of the train will be a  
wrecked German airplane of the Fokker  
type, which was downed at Chateau  
Thierry by American aviators and looks  
much the worse for war. These cars  
also are loaded with cannon, German  
77's and French 75's, and one car has  
the smaller war implements and tro-  
phies.

By Associated Press Leased Wire  
Paris, April 15.—The credential com-  
mittee of the peace conference has  
found a hard problem in disentangling  
the status of M. Trumbitch and other  
Jugo-Slav delegates. They represent  
Serbia, Croatia and Slavonia but Jugo-  
Slavia has not been recognized by most  
of the allies. In consequence the cred-

somewhat uncertain and the Italians  
are unwilling to approve them.

"Mary's Ankle" in the comedy of that  
name must be good to look upon. The  
story demands it, consequently great  
care has been exercised in selecting the  
young woman who impersonates the  
part. Helen Spring will appear as  
Mary during the engagement at the  
Dixon opera house on Wednesday even-

unanimous verdict will be that nature  
has been most kind to Helen—or Mary,  
as you will—and that she possesses an  
ankle that is indeed good to look upon.  
But nature did not stop when a charm-  
ing ankle had been made, nature kept  
up the good work so that the complete  
job has resulted in an ensemble that is  
very pleasing to the eye. The author  
has provided that Mary must be very

THE new Spring styles have

SHARP REDUCTIONS IN YOUR SHOE BILLS

"A constant 'hiker' over all conditions of roads, my shoes were hard on my feet until I discovered Neolin Soles. And as for wear! Neolin Soles give twice the service of soles I formerly used," writes H. Noyes Collinson, Hazelton, Pa.

This long service means sharp reductions in those big shoe bills, for it is because of worn out soles that most shoes are discarded. Buy Neolin-soled shoes, not only for yourself, but for the whole family, children included. Also, take your old shoes to the repairman and have them re-bottomed with Neolin Soles.

Remember—Neolin Soles are waterproof, as well as comfortable and long-wearing. They are created by Science to be all that soles should be, and are made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear all other heels.

PICTURES GROWN IN GARDENS. The king was in the county house, counting up his cash. The queen was in the garden, clearing out the trash. The princess—ah! the princess—she was sowing garden seeds; Home came the king, then, to help them pull up weeds.

Which has nothing directly to do with good gardening, but it does suggest a pretty picture, with a home garden as the background. And it may be typical of the many pretty pictures that grow out of gardening. There are dusks and dawns, with their sky lights and high light—for gardening does take one forth into the freshness and beauty of the dawn more frequently than would otherwise happen. There are pictures of sky cloud that would otherwise be missed—for gardening, though it may be of the earth, earthy, takes the thoughts and the eyes to the heavens.

But those and others like them are pictures painted for an hour or two. There are others of a more permanent sort—transformations that endure. Roses are painted into the cheeks of the queen and the princess. Some tan may take the place of the pallor of old. Together, they make the glow of good health that lasts not only while the garden does, but on into the winter evenings around the fire, and on into other years. Indeed, if you look into your garden pictures past what the artists call "the middle distance," you may see good health and happiness and prosperity painted there for all the rest of the life-time of those who do the gardening.

SPINACH. Spinach thrives under rather cool climatic conditions, and may be grown as a fall-planted winter crop throughout the South. In the middle section of the country it is necessary to mulch the spinach plants with straw or leaves to protect them from the cold. In the Northern States spinach may be planted just as early as the ground can be worked and the crop gathered before the heat of summer comes on.

Spinach may be planted in the spaces between other plants. One ounce of seed will sow at least 100 feet of row. Spinach is easily grown, and there is perhaps no other crop of its kind that will give as much satisfaction. Spinach greens are very desirable as a spring vegetable.—United States Department of Agriculture.

Necessary information on garden insects and diseases is contained in the United States Department of Agriculture's Farmers' Bulletin 856, which will be sent free upon request.

As a rule, not more than ten to twelve different kinds of vegetables should be grown in city home gardens.

Make This Test For

Acid-Stomach

There are millions of people who suffer almost daily from the horrors of an acid-stomach—indigestion; sour, gassy, stomach; distressing heartburn; sickening food-repeating; painful flat and that miserable, puffed up, lumpy feeling after eating. Many of these people have tried treatment after treatment; medicine after medicine; others have gone to doctors and stomach specialists and some to hospitals but in spite of all of their efforts they have obtained no lasting relief or a permanent cure.

These symptoms simply mean acid-stomach. If allowed to run on, they are very likely to cause a lot of serious trouble. Dyspepsia, rheumatism, gout, lumbago, sciatica, splitting headache, dizzy spells, nervousness, sleeplessness, mental depression, melancholia, a feeling of listlessness and all-goneness—these are just a few of the disorders which can be traced to acid-stomach. As a matter of fact, acid-stomach is often the direct cause of those almost incurable conditions known as catarrh of the stomach, intestinal ulcer, and cancer of the stomach. The lives of those who suffer from these serious troubles are nothing short of daily agony. Surely, then, you must see how important it is to go at once to the seat of the trouble—acid-stomach. You know what acid-

mouth does to the teeth—how it eats right through the hard enamel and causes them to decay. Think then of the havoc that must be caused by excess acid in the stomach!

Even if you are not suffering any immediate stomach pains, but are not feeling just as fit and free as you should, get rid of it by all means make this test, go to your drug store, and once and get a box of EATONIC. It is in the form of pleasant-tasting tablets—eat them like a bit of candy. EATONIC is prepared for just one purpose—correcting acid-stomach by driving out the excess acid. EATONIC literally absorbs the excess acid. It brings instant relief from the pains of indigestion, heartburn, belching, sour, gassy stomach, flat, etc. It makes the stomach pure, sweet, cool and comfortable, puts it in a normal, healthy condition, so that your food is properly digested. You need every bit of strength you can possibly get out of the food you eat—and EATONIC helps you get it.

Don't put this test off if you value your future good health and happiness. You run no chance at all because EATONIC is absolutely guaranteed to give you relief or your druggist will refund your money. The cost is a mere trifle.

## MAY CORN HITS HIGHEST PRICE OF THE SEASON

By Associated Press Leased Wire

Chicago, April 15.—Corn rose today to the highest prices yet this season for May delivery. Continued wet weather likely to hinder the crop movement was the chief reason for the new upturn. The bulge, however, led to extensive profit taking and to a reaction to below yesterday's finish. Opening prices, which ranged from 1/4 off to 3/4 advance, with May 1.60 to \$1.61 and July 1.53 to \$1.54, were followed by moderate setbacks all around.

Oats like corn reflected by only a transient advance the bullish influence of widespread rains. After opening 1/2 to 3/4 higher, with July 68 1/2 to 70 1/2, the market underwent a general sag. High price records were again broken in provisions. The fresh upturn was preceded by an advance in British government quotations and by gains here in the value of live hogs.

Later the market rallied temporarily owing to indications that excessive moisture was damaging the quality of corn shipments. The close, nevertheless, was weak 1/2 to 1 1/2 net lower with May 1.58 1/2 to 1.59 and July 1.52 1/2 to 1.53 1/2.

By Associated Press Leased Wire

New York, April 15.—Nearly 3500 troops of the 91st "Wild West" division, which arrived yesterday on the transports Edward Luckenbach and Mexican were disembarked today and sent to the camps around New York, preparatory to being sent to camps nearer home for demobilization. Most of the men were from the 361st and 362nd infantry regiments, organized from drafted men of the far western states. They first saw action in the St. Mihiel offensive and later took part in the final Meuse-Argonne operations of the war.

Officers of the 362nd regiment reported that on October 29 it sustained 905 casualties in 45 minutes when it was sent to take the town of Gesnes. The total casualties of the 362nd infantry were 1354 enlisted men of whom 253 were killed and 63 officers of whom 18 were killed. The casualties of the 361st regiment were 37 officers and 1226 men.

## KROH-BOWEN—

The marriage of Miss Florence Bowen, daughter of Mr. and Mrs. R. J. Bowen, of Polo, and Emerson Kroh, of Polo, took place today in Princeton, Ill., at the home of Rev. and Mrs. J. E. Fluck, the former at one time a pastor of the Polo Methodist church. Their daughter, Miss Fluck, is an intimate friend of Miss Bowen and was her attendant during the ceremony, which took place at 5 o'clock this evening. Dixon friends showered the young couple with rice as they left this morning for Princeton.

The wedding trip, upon which Mr. and Mrs. Kroh left soon after the ceremony, will include visits in LaSalle and Chicago. The bride wore an attractive suit of Copenhagen blue cloth, with hat on costume. The new home will be made in Polo where Mr. Kroh is employed in a garage.

Mrs. Kroh, who has been employed in Dixon for the past year or so at the Zoeller store, has made many friends through her sweet friendliness, who will unite with her other friends in extending best wishes.
